Our towels are OEKO-TEX® Standard 100 certified, ensuring they are:

- ✓ Tested for harmful substances
- ✓ Safe for human health
- ✓ Environmentally responsible
- ✓ Suitable even for sensitive skin

Confidence in every fiber.

WHAT IS OEKO-TEX® STANDARD 100?

OEKO-TEX® Standard 100 is a globally recognized certification system for textiles. It ensures that every component of the product has been tested for harmful substances and is safe

PERFECT FOR

UNDERSTANDING GSM & GMS

GSM (Grams per Square Metre) is the weight of towel fabric per square metre. Higher GSM generally means a thicker, denser and more absorbent towel. GMS is another common way of referring to the same towel-weight measurement.
